

PIONEER RECORDS – RELEASE NEWS

Marlo – She’s a Mirage

Available from Juno, Track-it-down, Xpressbeats and AudioJelly in July.
To follow on iTunes, HMV Digital, Virgin Digital, Napster and other major DD outlets.

Style: Electro/Tech-trance

Available for licensing

Pioneer Records are kicking off their summer schedule in style with the insanely infectious **Mirage**, from Dutch Dj/Producer **Marlo** (aka Liquid M). Already supported by Graham Gold, Les Hemstock & Charlie G to name but a few,

This track has already got many clubbers in a twist with its grinding bassline and contagious rhythm. Finally in July 07 Mirage will be unleashed to the masses.

The original Club Mix and Radio Edit offer a dark electro trip which pumps the soul and rattles the bones. The initial male vocal is dark, perfectly suiting the backing, but then it takes a whole new direction when the female vocal kicks in pushing this track further to insanity. **Marlo** has also generously accompanied the original with a remix under his Liquid M alias, this time delivering a powerful tech-trance mix that stays true to the original whilst satisfying those who want it even harder!

The release package doesn’t stop there, the Klubb Krayz have cooked up an electro storm, that edges on the boarder of speed garage with its droning bass and sick break. If you want to work your crowd into a frenzy, this is going to make it happen! In addition there’s a scouse-house remix from Teddy, pleasing the stomping generation and finally abit of respite with the Breaks Mix, well initially anyway; this builds into a devilish take on the original, no less relentless than the other mixes in the package.

Marlo – Mirage is released in July 2007 on **Pioneer Records** and will be available from Xpressbeats, Audio Jelly, Juno, Track It Down, iTunes, and all other good digital distribution sites.

Tracklisting

- 1 Radio Edit,
- 2 Club Mix
- 3 Liquid M Mix,
- 4 The Klubb Krayz Remix,
- 5 Teddy Mix
- 6 Breaks Mix

DJ FEEDBACK & SUPPORT SO FAR...

10/10 **Graham Gold** (Kiss FM London, Ministry Radio)

"Cool tune, playing both the electro mix and the tech trance cut... both are rocking it all over" 10 / 10 **Charlie G** (iDJ Magazine / 24-7 Magazine)

"Really liking the tech trance mix – Im supporting." 9/10 **Les Hemstock**

"Both Mixes are funkin awesome! Electro Basslines galore! The Club Mix is probably the one that will work for me!" 9/10 **Joey Rivaldo** (Sirius Satellite Radio)

"The liquid M mix has the darker feel that will work I have no doubt. The rolling psycho base line rocks!!!" 8/10 **Paul Quinton** (Level 1 Radio)

"Dirty & i like it!! Wicked track" 8/10 **Rob N** (Passion Radio)

"Dark and catchy! Some sweet beats here!" 9/10 **E-Vade** (GU2 1350AM)

"Infectious is a great word for this track!" 8/10 **Andy Spencer (Funkin Good)**

INTRODUCING MARLO...

Marlo Hoogstraten performs his studio trickery under many different names, including "Liquid M", "Ollram", "Marlo" and Juan Marcel. He is a master at his studio craft as well as a top DJ performer/LIVE act.

It seems that the sky is the limit for this energetic artist, regularly playing alongside the best international acts in the world, including: Tiesto, Armin Van Buuren, Dumonde, Signum, Yves DeRuyter, Matt Darey, DJ Scott Project, Kai Tracid, Hennes and Cold, Derb, 4Strings, John OO Flemming, The Thrillseekers, Mark Dawn (Green Court), Lisa Lashes, Daniel Soto, Marco V, M.I.K.E (Push), Binary Finary, Darude, Cosmic Gate, Y.O.M.C., Danny Howells, Tall Paul, Dave Lee and the list goes on.... And playing main stage at events such as: Transmission, Utopia, Cream, Godskitchen, and Slinky.

Under his Liquid M alias, Marlo has played LIVE at Transmission on the main stage several times, including Transmission White. He has gained great exposure from being broadcast LIVE on Triple J around the nation as well as getting interviewed for MTV.
